### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Halstead on 9/9/2005.

Cancel claims 1-11 and 13.

The following is an examiner's statement of reasons for allowance:

WO 172 fails to motivate those of ordinary skill to include a step of combining a cyclodextrin-containing polymer, as is required by the instant claims. Moreover, WO 172 does not teach or suggest any sort of inclusion complex between any polymer and any complexing agent. Therefore, the reference does not teach or suggest all the limitations of the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
